**To Whom It May Concern**

**Re: Callscope Controls/Peter Colakovic**

I am writing to advise that we have used the services of the above named individual, and Company for approximately eight years.

We have always found the Company to be 100% reliable and efficient in delivering our requirements on time. They handle their work with extreme professionalism and utmost customer care and we would, therefore, recommend them very highly indeed in the disciplines of electrical and control engineering. In particular, Peter is a very skilled project manager.

I trust this information is of use to you and would be happy to provide further details should they be required.

Yours faithfully
